DEVELOPING SAFER DRIVERS

State of Iowa Rates for Driver Rehabilitation Services

Revision 7/1/2022

Driving with Autism, Anxiety, ADHD or other Learning Disability Training Behind-the-Wheel

We are implementing a new scheduling system to provide quicker service completions.

Our scheduling will now include days, nights and weekends when available. We do not work any holidays.

Monday – Friday 9am – 8pm \$225 per hour

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

Our Driver Education Program is an approved State of Iowa Driver Education Course.

Our program includes 30 hours of online classroom curriculum and assessments. This course is provided at no charge.

Each Client who enrolls in our program will take the course and will receive specialized instruction behind-the-wheel based on the Client's individualized needs. All driving lessons are based on the assessment.

All Clients under the age of 21 can be certified by our instructors. These Clients may not have to drive for the DOT.

All Clients 21 and over will receive driving instruction based on the Iowa DOTs driving license requirements.

Each Client 21 and over will be required to drive for the DOT. We will facilitate the practice and schedule the DOT Drives.

Our Driving for Exceptional Learner program exceeds the State of Iowa driving requirements.

Skip the Trip Testing: \$50 per test session

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

We can provide the DOT Instructional Permit Test for individuals who need a permit.

We will provide the Client the material to study and proctor the testing sessions.

The Client can take the permit test every day until they pass.

Medical Clinical Assessment

\$400 per assessment

Clinical Assessment: Vision, Perception, Cognitive, Range of Motion and Motor Skills

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

- Each assessment will take approximately 60 to 90 minutes to complete
- Assessments can be held at hospitals, clinics, rehabilitation centers or at a client's home.

Driver On-Road Evaluation

\$300 per evaluation

Driver Car Evaluation: All drivers require an evaluation whether a clinical assessment is performed

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

Travel Accommodations for Assessments/Evaluations or Training requiring multi-day visits

Hotel accommodations: \$150 per night, Food Per Diem, \$100 per day

Adaptive Equipment: Low & Medium Tech Driver Training

\$250 per hour

Behind-the-Wheel Driving Lessons

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

Medical Clinical Assessment

\$400 per assessment

Clinical Assessment: Vision, Perception, Cognitive, Range of Motion and Motor Skills

Mileage fee: \$.63 per mile from Instructor office to Client location and back.

- Each assessment will take approximately 60 to 90 minutes to complete
- Assessments can be held at hospitals, clinics, rehabilitation centers or at a client's home.

A Driver's License is one of the most important life skills a person can have towards independence.

Contact us today about any of our services. We are happy to set up an appointment to discuss your needs.
